Sargent Public Schools Student-Parent Handbook 2026-2027 School Year

Foreword

Section 1 Intent of Handbook

This handbook is intended to be used by students, parents, and staff as a guide to the rules, regulations, and general information about Sargent Public Schools. Each student is responsible for becoming familiar with the handbook and knowing the information contained in it. Parents are encouraged to use this handbook as a resource and to assist their child in following the rules contained in this handbook.

Although the information found in this handbook is detailed and specific on many topics, the handbook is not intended to be all encompassing so as to cover every situation and circumstance that may arise during any school day, or school year. This handbook does not create a “contract.” The administration reserves the right to make decisions and make rule revisions at any time to implement the educational program and to assure the well-being of all students and the educational program. The administration will be responsible for interpreting the rules contained in the handbook. Should a situation or circumstance arise that is not specifically covered in this handbook, the administration will make a decision based upon all applicable school district policies, and state and federal statutes and regulations.

The Policies of the Board of Education may cover areas not addressed in this Handbook. Every parent or guardian and student should familiarize themselves with Board Policies online at: sargentpublicschools.org.

Section 2 School Calendar

The Sargent Public School Calendar is posted on the school's website: sargentpublicschools.org

Article 1 – Mission and Goals

Section 1 Mutual Respect

The Sargent Public Schools expects every staff member and student to be treated with respect and dignity. A show of disrespect toward a staff member or insubordination on the part of students will not be tolerated.

Section 2 Complaint Procedures

The proper procedure for a parent or student to make complaints or raise concerns is to begin with the school administrator who directly supervises the employee as illustrated in the complaint procedure set forth below. There are other procedures identified in the Handbook to address specific complaints or concerns, such as discrimination or harassment, bullying, disciplinary actions. Those procedures should be used where applicable.

1. Complaint procedure
Step 1. Contact an administrator

- Step 2. Schedule a conference with the staff person most immediately or directly involved in the matter.
- Step 3. Address the concern with the Principal if the matter is not resolved at Step 2.
- Step 4. Address the concern with the Superintendent if the matter is not resolved at Step 3.
- Step 5. Address the concern to the Board of Education if the matter is not resolved at Step 4.

2. Conditions Applicable to All Levels of Complaint Procedure

All information to be considered at each step should be placed in writing in order to be most effective. Action or decisions will be expedited as quickly as possible, typically within ten (10) calendar days, depending on the nature of the complaint and the need for prompt resolution.

Section 3 Severe Weather and School Cancellations

The Superintendent may close public schools in case of severe weather or an emergency. The school will notify parents and guardians, as well as the local media, when the schools will be closed.

Parental Decisions. Parents may decide to keep their children at home during inclement weather because of personal circumstances. Students absent because of severe weather when school is in session will generally be considered an excused absence.

Pickup During Inclement Weather. Parents should not come to school during severe weather, such as during a tornado warning since students will be moved into safe areas of the building and will not ordinarily be released during inclement weather or dangerous circumstances.

Section 4 Open-Closed Campus

All students are required to remain on campus during the school day, except juniors and seniors are allowed to leave campus during lunch with written parent permission and administrative approval to have open campus privileges.

Section 5 Supervision Responsibility Before/After School

Arrival at School/Dismissal From School

Student Arrival and Dismissal

Students should arrive at school no earlier than 7:40 a.m. unless they are under the direct supervision of a parent or guardian. School doors will open at 7:30 a.m. so students may enter for breakfast.

Breakfast is served from 7:40 a.m. to 8:00 a.m.

Before 7:40 a.m., Sargent Public Schools is not responsible for supervising students unless they are participating in a school-sponsored activity under the supervision of a staff member.

Students will not be allowed to enter the building before 7:30 a.m. unless the Principal determines it is necessary because of severe weather or other special circumstances.

Playground Use

The elementary playground is not available for families or younger children until after 4:00 p.m.

All students, children, and families using the playground must follow school playground rules and expectations.

For the safety of students, animals are not allowed on the playground, near students, or on school grounds between 7:40 a.m. and 4:30 p.m. during the school day or while school activities are taking place.

Student Dismissal

Students will be dismissed at the end of the school day unless they are involved in another school-related activity, serving detention, or participating in an approved school program.

After dismissal, students are expected to leave school grounds and go home or to a prearranged location. Sargent Public Schools is not responsible for supervising students after they have been dismissed and are expected to leave school property.

Signing a Child In and Out of School

Parents or guardians are required to check in with the office if they are entering after their child's first class or leaving prior to their child's final class. The parent or guardian must report to the main office for this purpose. Parents may not go directly to the classrooms. The schools will only release children to adults designated by the parent or an emergency contact.

Early Dismissal and Shortened Days

Some days on the school calendar have an adjusted schedule, including early dismissal or shortened school days.

Parents and guardians are encouraged to be aware of these dates and make arrangements for transportation and supervision. The school is not responsible for supervising students after dismissal on shortened school days.

Article 3 – Use of Building and Grounds

Section 1 Visitors

All visitors must report to the office, upon entering the main entrance, to sign in and receive a visitor's pass. Visits to classrooms during the first week of school and the last week of school may be limited to ensure a smooth transition. Visits by parents are encouraged; provided that the visits do not disrupt the educational program, individual students, or create a safety concern.

Section 2 Smoke-Free Environment

All of our school buildings and grounds are smoke and tobacco-free. No smoking or tobacco is allowed on school grounds or at any school activity.

Section 3 Care of School Property

1. Students are responsible for the proper care of all books, equipment, supplies, and furniture supplied by the school.
2. Students who damage property, break windows, or cause other harm to school property or equipment will be required to pay the cost to repair or replace the item.

School-issued items that are stolen or damaged from unlocked lockers are the responsibility of the student to whom they were issued.

Section 4 Lockers

Each student will be assigned a locker. Students must use their own lockers and are not to share lockers with other students, except as assigned by school officials. Students are expected to keep

all books, etc., in their assigned locker. Students are also responsible for the cleanliness inside their locker and the door of their locker. Students may be assessed a fine for damage to lockers.

Students who wish to check out a school lock should see the main office. Only school issued locks are allowed on school lockers.

Students may not display images, information or messages that may cause a substantial disruption to the operations of the school. If a staff member sees or learns of an image or message that may cause a disruption, the staff member may ask the student to remove the image or message from the locker. If the student refuses, then the administration will meet with the student and parents to discuss the situation. The principal shall have the final say on whether a student needs to remove the image or message from the locker.

Section 5 Searches of Lockers and Other Types of Searches

Student lockers, desks, computers, and other such property are owned by the school. The school exercises exclusive control over school property. Students should not expect privacy regarding usage of or items placed in or on school property, including student vehicles parked on school property, because school property is subject to search at any time by school officials. Periodic, random searches of lockers, desks, computers, and other such property may be conducted at the discretion of the administration.

The following rules apply to searches of students and of a student's personal property and to the seizure of items in a student's possession or control:

1. School officials may conduct a search if there is a reasonable basis to believe that the search will uncover evidence of a crime or a school rule violation. The search is to be conducted in a reasonable manner under the circumstances.
2. Random searches of student lockers, desks, and other similar school property provided for use by students may be conducted at the discretion of the administration.
3. Drug or alcohol tests may be conducted on students based on reasonable suspicion.
4. Searches of the District's computer system may be conducted at the discretion of the administration at any time.

Section 6 Video Surveillance

The Board of Education has authorized the use of video cameras on School District property to ensure the health, welfare and safety of all staff, students, and visitors to District property, and to safeguard District facilities and equipment. Video cameras may be used in locations as deemed appropriate by the administration. As a result, notice is hereby given that video surveillance may occur on District property. In the event a video surveillance recording captures a student or other building user violating school policies or rules or local, state, or federal laws, the video surveillance recording may be used in appropriate disciplinary proceedings against the student or other building user and may also be provided to law enforcement agencies.

Section 7 Recording of Others

To ensure the privacy and confidentiality of student information, no person is authorized to record or transmit any sound or image of any person (including themselves) without the prior consent or authorization of either (1) the person or persons being recorded or whose image or sound is being transmitted, (2) by authorized staff for purposes of child welfare (for example, to record images of injuries to students caused or believed to be caused by another person), or (3) the Superintendent or Superintendent's designee. This prohibition applies to all persons, including students, parents, and community members, regardless of the content or context of the image or sound; however, this provision shall not apply to District-sponsored athletic or activity events where the focus of the recording or transmission is on the student performances or activity. Nothing in this provision shall prohibit the recording of an Individualized Education Program meeting if the recording is necessary to ensure that the parent understands the IEP or the IEP process or to implement other parental rights guaranteed by the Individuals with Disabilities Education Act.

Section 8 Use of Cell Phones

The use of cell phones or personal electronic devices are prohibited during the regular school day except during assigned lunch times unless specifically authorized by a classroom teacher or school administrator; use or display of cell phones is prohibited at all times in locker rooms and restrooms. All confiscated devices will be held in the classroom or office until returned to the student or student's parents. The school is not responsible for lost or stolen items and students who bring their phones or electronics to school do so at their own risk. See Board Policies

Section 9 Student Valuables

Students, not the school, are responsible for their personal property. Students are cautioned not to bring large amounts of money or items of value to school. The school does not guarantee or represent that the student's property will not be subject to loss, theft, or damage.

Section 10 Bulletins and Announcements

Bulletin boards and display cases are available for school-related and approved materials to be posted and displayed. Posters to be used in the halls or materials for distribution need to be approved by the Principal's office. The person or organization responsible for distributing the posters is responsible for seeing that all posters are removed within 48 hours after the event or when directed by the Principal.

Section 11 Copyright and Fair Use

It is the school's policy to follow the federal copyright law. Students are reminded that, when using school equipment and when completing course work, they also must follow the federal copyright laws. The federal copyright law governs the reproduction of works of authorship. Copyrighted works are protected regardless of the medium in which they are created or reproduced; thus, copyright extends to digital works and works transformed into a digital format. Copyrighted works are not limited to those that bear a copyright notice.

Section 12 Behavioral Points of Contact

The District maintains a registry of local mental health and counseling resources, including those resource services that can be accessed by families and individuals outside of school. To gain more information about these resources, parents and/or students should contact their building principal. This information, as well as the District's behavioral points of contact, are also listed on the District's website.

Article 4 – Attendance

Section 1 Attendance See Board Policy 5008 and 5009

Regular school attendance is essential to student success. Nebraska law requires parents or guardians of students between the ages of 6 and 18 to ensure their child attends school regularly and punctually. Failure to attend school regularly, unless properly excused, may constitute misconduct.

Sargent Public Schools believes attendance is an important part of preparing students for success beyond high school. Students are expected to arrive on time, attend all scheduled classes, and fulfill their responsibilities consistently. The relationships and instruction that take place in the classroom are valuable parts of the educational process and cannot always be replaced through make-up work.

The school maintains attendance expectations to support the values of compassion, integrity, respect, and responsibility.

Reporting Absences

Parents or guardians must notify the school anytime a student:

- Is absent from school
- Arrives late to school
- Needs to leave school early

Notification may be made:

- In writing
- By calling the school office at (308) 527-4119
- By emailing the school office secretary

Please note: Parents may request that a student be excused, but only the school may officially excuse an absence according to Nebraska law and school policy.

Failure to notify the school regarding an absence may result in disciplinary consequences and/or loss of privileges. The school will attempt to contact parents or guardians regarding unreported absences.

Section 2 Attendance and Absences

Excused and Unexcused Absences. An absence from school will be reported as: (a) an excused absence or (b) an unexcused absence.

1. Excused Absences. Absences should be cleared through the Principal's office in advance, whenever possible. An absence or tardy, even with parental approval, may not be considered excused by the school. All absences, except for illness and/or death in the family, require advance approval. An absence for any of the following reasons will be typically excused, provided the required procedures have been followed:

- a. Attendance at a funeral for a member of the immediate family (parents, siblings, and grandparents).
- b. Illness which causes a student to be absent from school.
- c. Doctor or dental appointment which requires students to be absent from school.
- d. Court appearances that are required by a court order.
- e. School sponsored activities which require students to be absent from school.
- f. Other absences If a parent or guardian believes it is necessary for a student to miss school for reasons other than illness or emergency, arrangements should be made with the Principal in advance of the absence.

The Principal has the discretion to deny approval for a student's absence, depending on circumstances, such as the student's absence record, the student's academic status, the tests or other projects which may be missed, and other relevant reasons.

2. Unexcused Absences: An absence which is not excused is unexcused. If a student's absence is unexcused the student may receive zeros for any class work missed during the absence and may be required to make up work and the time missed.

3. Leaving School and Returning to School

Students leaving school early for appointments or parent-approved reasons must receive permission from the school office and obtain a permit-to-leave slip before leaving class.

Students arriving late to school or returning during the school day must check in through the school office before returning to class for attendance purposes.

Leaving school grounds without permission will be counted as an unexcused absence.

Students who leave school without permission and without signing out in the proper manner, or who leave their assigned classroom without teacher permission, may be considered truant.

Section 3 Make-Up Work

Students are responsible for requesting and completing all make-up work following an absence.

To receive credit:

- Students must request assignments upon returning to school.
- Students are responsible for completing and submitting assignments to the teacher. Two school days will be allowed to make up work for each day missed, with a maximum of 10 days allowed to make up work.
- Teachers will provide reasonable assistance and materials needed for completion.

Students serving disciplinary suspensions may also receive full credit for completed assignments when work is satisfactorily completed and submitted on time.

Section 4 Attendance is Required to Participate in Activities

Full-time students must attend school all day on the day of any scheduled school activity in order to participate in the activity. Part-time eligible students must attend their classes on the day of the school activity in order to participate in the activity. A "school activity" includes athletic contests, practices, and dances. Failure to attend may result in a student being withheld from participation in the activity. The Principal retains the right to grant participation should exceptional circumstances prevail.

Section 5 Truancy

High School Attendance Credit Policy

If a high school student exceeds 10 absences in a class during a semester, the following scale may be used in determining credit earned:

Absences	Credits Earned
----------	----------------

0–10 absences	5 credits
---------------	-----------

11–15 absences	4 credits
----------------	-----------

16–20 absences	3 credits
----------------	-----------

21–25 absences	2 credits
----------------	-----------

26–30 absences	1 credit
----------------	----------

Over 30 absences	0 credits
------------------	-----------

Junior high students do not lose credits but may be required to make up instructional time exceeding 10 absences per semester.

5-8-10 Attendance Rule

5 Absences

When a student accumulates five absences in any class period, the parent or guardian will receive direct communication from the principal or office staff. If phone contact cannot be made, a certified letter may be sent.

Parents or guardians may provide medical documentation to appeal absences due to illness.

8 Absences

When a student accumulates eight absences in any class period:

- The student and parent/guardian will meet with the Attendance Committee.
- The purpose of the meeting is to discuss attendance concerns and develop a collaborative improvement plan.
- Special circumstances or accommodations may be considered when appropriate.

10 Absences

When a student accumulates ten absences in a class period during a semester:

- The Attendance Committee may meet to discuss possible partial or full loss of credit.
- An attendance improvement plan may be developed.
- Special education or student support plans may be considered when appropriate.
- Students under the age of 18 may be referred to the County Attorney in accordance with Nebraska Statute 79-209.

All attendance decisions are handled on a case-by-case basis.

Attendance Committee

The Attendance Committee may consist of:

- Principal
- Guidance Counselor
- Attendance Secretary
- Classroom Teachers

A minimum of five committee members must be present for an official attendance meeting.

Excessive Absences

Students accumulating:

- 10 total absences may be subject to attendance mediation services.
- 20 or more absences may be referred to the County Attorney as required by Nebraska law and school policy.

Students absent for ten consecutive school days may be dropped from enrollment at the discretion of school administration and may be referred for further action.

Tardiness

Students are expected to arrive on time to every class throughout the school day.

- After three tardies within a quarter, the student will receive a 30-minute detention to be served the same day.
- Each additional tardy will result in another 30-minute detention.
- Failure to serve detention may result in further disciplinary action.

Excessive Tardiness

- A tardy of more than 5 minutes is considered excessive.
- Additional detention time may be assigned for excessive tardiness.
- If a student is more than 15 minutes late to class, the student will be counted absent for that class period.
- If a student misses more than half of a class period, the tardy will be treated as an absence and counted toward the 5-8-10 Rule.

Continued excessive tardiness may result in additional disciplinary consequences.

Article 5 – Scholastic Achievement

Section 1 Grading System

Students will receive letter grades on report cards and transcripts. The following scale will be used to assign letter grades and a grade point average from a percent:

A	90-100%
B	80-89%
C	70-79%
D	60-69%
F	0-59%

Each teacher will define the grading procedures to be used in their classes.

Section 2 High School Yearly Course Requirements

High school students in all grade levels are required to register in the following courses: Math, Social Studies, Science, Health and Physical Education, and Language-Arts Core.

All students are required to successfully complete six (6) semesters of exploratory courses. Students also have the option of taking band or a vocal music/study hall combination.

Section 3 Graduation Requirements - See Policy 5205

To participate in commencement exercises or receive a Sargent Public Schools' diploma, a student must fully complete all requirements for graduation prior to the official commencement exercises, and complete other administrative requirements or conditions.

To be eligible for graduation from Sargent High School, a student must have earned a minimum of 240 semester hours credit in grades 9 through 12 inclusive. A minimum of 40 earned semester hours credits must be earned during the school year in which the student intends to graduate. Credit hours will be computed in accordance with the Nebraska Department of Education.

Exceptions to these requirements may be made by the Board of Education upon the recommendation of the Superintendent, who will support the recommendation with justifiable reasons. A complete record of the recommendation and of the action taken upon it by the Board shall be included in the minutes. The candidates for graduation shall be presented to the Board of Education for approval.

A student who has not met the requirements for graduation but who has attended school regularly may, with the recommendation of the Superintendent, be granted a Certificate of Attendance.

Section 4 Promotion and Retention

Students will be placed at the grade level and in the courses best suited to them academically, socially, and emotionally as determined by the school's professional staff. Students will typically progress annually from grade to grade. A student may be retained at a grade level or be required to repeat a course or program when such is determined in the judgment of the professional staff to be appropriate for the educational interests of the student and the educational program.

Section 5 Schedule Changes

Students needing schedule changes should notify the School Counselor or Principal. Schedule changes must be initiated by the teachers involved, the Principal or counselor, and the student's parent or guardian. Final approval of all schedule changes will be made by the Principal.

Section 6 Interim Reports

Various supplemental reports may be made available to parents throughout the school year concerning student's performance. These reports may describe student work of an exceptional

nature or work which needs improving. These reports will be sent as the teacher determines appropriate.

Section 7 Report Cards

Report cards are issued at the end of each quarter. For secondary students, letter grades are used to designate a student's progress. A grade of "F" (failing) carries no credit. A grade of "I" (incomplete) received at the end of a grading period must be made up within two (2) weeks or missing assignments will receive grades of "0" and those grades will be averaged into the final grade. No incompletes will be given at the end of the fourth quarter, as all coursework must be completed by the end of the fourth quarter. All grades are subject to adjustment by the Principal for academic reasons.

Section 8 Parent-Teacher Conferences

Parent-teacher conferences will be held two times per year, one each semester. Refer to the school calendar for the schedule. Conferences with teachers, at any other time, are possible by calling the school office and making arrangements with the teachers.

Section 9 Honor Roll

The purpose of the honor roll is to recognize those students who demonstrate academic excellence. Honor rolls will be determined for 1st, 2nd, 3rd, and 4th quarters. Students will be recognized accordingly:

1. Students receiving all "A's" will be classified as students with distinction.
2. Students receiving no other grade lower than a "B" will be classified as students with honor.
3. All class grades are figured the same for honor roll status.
4. Honor roll lists are published in school and community publications.

Section 10 National Honor Society

Admission to the National Honor Society

A student can also be eligible for membership into National Honor Society with a 92% grade point average and participate in 5 activities from the categories of Leadership, Extra Curricular Activities, Community Activities or Awards

Removal from National Honor Society

A student may be removed from the NHS by action of the Principal upon a determination by the Principal that the student:

1. Prior Conduct. Engaged in conduct prior to induction which was not known at the time of induction and which, if known, would have caused denial of induction;
2. Post-Induction Conduct. Engaged in conduct after induction which is grounds for a student to be long-term suspended or expelled from school under the student code of conduct; which is grounds for suspension or removal from any extracurricular activity of the school, or which would cause denial of induction if such conduct had taken place prior to the time of induction.

The student may appeal the Principal's decision to the Superintendent by giving written notice of appeal to the Superintendent within ten (10) calendar days of receipt of the Principal's removal decision. The appeal procedures shall be established at the discretion of the Superintendent to allow a fair opportunity for the student's views and information to be considered. The decision of the Superintendent on the appeal shall be final.

Article 6 - Support Services

Section 1 Special Education Services

What Does Special Education Mean?

Special education means specially designed instruction and related services adapted as appropriate to the needs of an eligible student with a disability. Special education is provided at no cost to the parent to meet the unique needs of a child with a disability.

Students Who May Benefit

A student verified as having autism, behavior disorders, deaf-blindness, developmental delay, hearing impairments, mental handicaps, multiple disabilities, orthopedic impairments, other health impairments, specific learning disabilities, speech-language impairments, traumatic brain injury or visual impairments, who because of these impairments need special education and related services.

How are Students With Disabilities Identified?

Referrals are made by staff or parents to a Student Assistance Team. If the Student Assistance Team or comparable problem-solving team feels that all viable alternatives have been explored, a referral for multidisciplinary evaluation is completed. An evaluation is conducted to assist in the determination of whether a student has a disability and the nature and extent of the special education and related services the student needs. The evaluation is conducted only with written consent of a parent or guardian. A multidisciplinary evaluation team (MDT) will then meet to determine whether the student is eligible for special education.

Independent Evaluation

If a parent disagrees with an evaluation completed by the school district, the parent has a right to request an independent educational evaluation at public expense. Parents should direct inquiries to school officials to determine if the school district will arrange for further evaluation at the school's expense. If school district officials feel the original evaluation was appropriate and the parents disagree, a due process hearing may be initiated. If it is determined that the original evaluation was appropriate, parents still have the right to an independent educational evaluation at their own expense.

Reevaluation

Students identified for special education will be reevaluated at least every three (3) years by the student's IEP team. The IEP team will review existing evaluation data on the student and will identify what additional data, if any, is needed. The school district will obtain parental consent prior to conducting any reevaluation of a student with a disability.

Individual Education Program (IEP)

Upon a student being verified as having a disability, a conference will be held with parents. At the conference, an Individualized Education Program (IEP) will be developed specifying programs and services which will be provided by the schools. Parent consent will be obtained prior to a student being placed for the first time in a program providing special education and related services or early intervention services to infants and toddlers. Once in place, the IEP is reviewed on an annual basis, or more frequently as needed. Parents will be given a copy of the IEP.

Special Education Placement

The student's placement in a special education program is dependent on the student's educational needs as outlined in the Individual Education Program (IEP). To the maximum extent appropriate, students with disabilities are educated with students who are not disabled. Special classes, separate schooling, or other removal of children with disabilities from the regular educational environment will occur only when the nature or severity of the disability is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily. Determination of a student's educational placement will be made by the IEP team.

Written notice shall be given to parents at a reasonable time before the school district: 1. Proposes to initiate or change the identification, evaluation, verification or educational placement of a child or the provision of a free appropriate public education; or 2. Refuses to initiate or change the identification, evaluation, or educational placement of the child or the provision of a free appropriate public education to the child.

More Information

Anyone interested in obtaining a copy of the District's special education policy, the Parental Rights in Special Education brochure, or a copy of the Nebraska Department of Education Rule 51 (special education regulations and complaint procedures) or Rule 55 (special education appeal procedures) may contact the Superintendent. A notice of parental rights, Rules 51 and 55 and more information about special education are also available at the Nebraska Department of Education's website.

Section 2 Students with Disabilities: Section 504

Accommodations and related services are made available to students with disabilities under Section 504 of the Rehabilitation Act of 1973. Under Section 504, parents have the following rights:

1. Have your child take part in, and receive benefits from, public education programs without discrimination because of your child's disability.
2. Have the school district advise you of your rights under federal law.
3. Receive notice with respect to identification, evaluation, or placement of your child.
4. Have your child receive a free appropriate public education. This includes the right to be educated with non-disabled students to the maximum extent appropriate. It also includes the right to have the school district make reasonable accommodations to allow your child an equal opportunity to participate in school and school-related activities.

5. Have your child receive services and be educated in facilities which are comparable to those provided to students without disabilities.
6. Have your child receive an individualized evaluation and receive special education and related services if your child is found eligible under Section 504.
7. Have evaluation, eligibility, educational and placement decisions made based on a variety of information sources and by persons who know your child and who are knowledgeable about the evaluation data and placement options.
8. Have transportation provided to and from an alternative placement setting at no greater cost to you than would be incurred if your child were placed in a program operated by the school district.
9. Have your child be given an equal opportunity to participate in nonacademic and extracurricular activities offered by the school district.
10. Examine all relevant records relating to decisions regarding your child's identification, evaluation, and placement. Obtain copies of educational records at a reasonable cost on the same terms as records are provided to students without a disability unless the fee would effectively deny you access to the records.
11. Receive a response from the school district to reasonable requests for explanations and interpretations of your child's records.
12. Request amendment of your child's educational records if there is reasonable cause to believe that they are inaccurate, misleading, or otherwise in violation of the privacy rights of your child. If the school district refuses this request, it shall notify you within a reasonable time, and advise you of the right to a hearing.
13. File a local grievance in accordance with school policy.
14. Request an impartial hearing related to decisions regarding your child's identification, eligibility, and educational program or placement with opportunity for participation by the person's parents or guardian and representation by counsel, and a review procedure. This is provided in the local grievance procedure.

Revised March 2026

Section 4 Health Services

Student Illnesses

School health personnel will notify parents when a student needs to be sent home from school due to illness. Conditions requiring a student be sent home may include: Temperature greater than 100.4°F., vomiting, diarrhea, unexplained rashes, live head lice, or on determination by the school nurse that the child's condition prevents meaningful participation in the educational program, presents a health risk to the child or others, or that medical consultation is warranted unless the condition resolves. Children need to be fever free for 24 hours before returning to school.

Guidelines for Administering Medication

Whenever possible, students should be provided medications outside of school hours. In the event it is necessary that a student take or have medication at school, the parents/guardians must provide a signed written consent for the student to be given medication at school. A consent form is available at the school health office. If a student has asthma or diabetes and is capable of selfmanaging his or her health condition, the student may coordinate with the health office to develop a self-management plan.

Medications must be provided to the school by the parent/guardian in the pharmacy-labeled or manufacturer-labeled bottle. Repackaged medications will not be accepted. Medications may require a physician's authorization to be given at school or, for asthma and anaphylaxis, a health care professional who prescribed the medication for treatment of the student's condition. The school nurse may limit medications as the nurse deems appropriate.

School Health Screening

Children in Preschool and Kindergarten through third grade, as well as children in sixth and ninth grades are screened for vision, hearing, dental defects, height, and weight. The screening program also incorporates scoliosis and blood pressure at the sixth and ninth grades. Students with identified health concerns may also be screened. Parents who do not wish their child to

participate in the school screening program must communicate in writing to the school health office at the start of the school year.

Physical and Visual Examination

Evidence of a physical examination and a visual evaluation is required within six (6) months prior to entrance into kindergarten and, in the case of transfer from out of state, to any other grade. A physical examination is also required prior to entrance into the seventh grade. The physical examination is to be completed by a physician, a physician's assistant, or an advanced practice registered nurse; the visual evaluation is to be completed by any of the foregoing or an optometrist. A parent or guardian who objects to the physical examination and/or visual evaluation may submit a written statement of refusal for his or her child. Waiver forms are available in the school health office. Additional physical examination requirements exist for students participating in athletic participation.

Immunizations

Students must show proof of immunization. A student who does not comply with the immunization requirements will not be permitted to continue in school. Students with medical conditions or sincerely held religious beliefs which do not allow immunizations must complete an affidavit.

Unimmunized students may nonetheless be excluded from school in the event of a disease outbreak.

Birth Certificate Requirements

State law requires that a certified copy of a student's birth certificate be provided within 30 days of enrollment of a student in school for the first time.

If a birth certificate is unavailable, other reliable proof of a student's identity may be used. These documents could include naturalization or immigration documents showing date of birth or official hospital birth records, a passport, or a translation of a birth certificate from another country. The documents must be accompanied by an affidavit explaining the inability to produce a copy of the birth certificate.

Guidelines for Head Lice

The following guidelines are in place to better control a nuisance condition, reduce absenteeism due to head lice, and involve parents as partners with the school in control efforts:

1. Children will be sent home from school for live head lice. In the event a child has two (2) cases of live lice in a semester, the child will be sent home until free of both live lice and nits (eggs).
2. Health office staff will provide written treatment information and instructions, including how to check and identify head lice.
3. A child who is sent home from school for head lice should miss no more than two (2) school days.
4. A child who has been sent from school due to head lice must come to the health office for inspection before returning to class.
5. A child who returns to class with nits (eggs) will be checked again in 7-10 days.

6. Families are encouraged to report head lice to the school health office.
7. Classroom-wide or school-wide head checks will be conducted as needed in order to control the condition at school.

Section 4 Transportation Services

Transportation to and from school is provided to students in accordance with law and Board policy. Students may also be provided transportation on field trips and when participating in school activities. Students are expected to follow the following rules while riding school buses:

Behavior on School Buses

1. General Conduct Rules Apply: While riding a school bus, a student must follow the same student conduct rules which apply when the student is on school property or attending school activities, functions, or events. There are also special conduct rules for riding school buses. These rules also apply to riding other school vehicles.
2. Special Conduct Rules for Riding School Buses.

A. Getting On and Off the Bus

Students are expected to follow all bus safety rules to help ensure a safe ride to and from school.

1. Be at your designated bus stop at least five (5) minutes before your scheduled pickup time. While waiting for the bus, remain at least five (5) feet away from the roadway and stay out of traffic.
2. If you miss the bus, return home immediately and notify a parent or guardian so alternate transportation arrangements can be made.
3. Wait until the bus comes to a complete stop and the driver signals that it is safe before approaching or boarding the bus.
4. Exit the bus only at your assigned school or approved bus stop. Leave the bus in an orderly manner and follow the driver's instructions. Do not push, shove, or run when entering or exiting the bus.
5. If you must cross the street after exiting the bus, always cross in front of the bus where the driver can see you. Wait for the driver's signal before crossing the street and continue to watch for traffic as you cross.

B. Rules While Riding the Bus

Students are expected to ride the bus in a safe and respectful manner at all times.

1. Follow all directions given by the bus driver and any supervising adult.
2. Remain seated, facing forward, and use seat belts when available.
3. Use appropriate language and keep conversations at a reasonable volume.
4. Keep all body parts and personal belongings inside the bus and to yourself.
5. Fighting, harassment, bullying, intimidation, horseplay, and throwing objects are prohibited.

6. Food, drinks, tobacco products, alcohol, drugs, and flammable materials are not allowed on the bus.
7. Weapons, look-alike weapons, and other dangerous objects are prohibited.
8. Students are expected to respect school property and shall not damage the bus or its equipment.

Getting the Driver's Assistance:

If you need assistance from the driver, wait until the bus has come to a complete stop. Notify the driver directly or ask another student to get the driver's attention. In an emergency, take appropriate action to safely alert the driver immediately.

Consequences for Rule Violations:

Violation of school bus rules may result in disciplinary action, including restriction or suspension of bus privileges and, when warranted, additional school disciplinary consequences up to and including expulsion.

Article 7 – Drugs, Alcohol and Tobacco

Section 1 Drug-Free Schools

The District is a safe and drug-free school zone. Any use, possession, distribution, manufacture, sale, consumption, or ingestion of illicit drugs or tobacco products on school grounds, at a school activity, or in a school vehicle is strictly prohibited.

Section 2 Education and Prevention

The District promotes comprehensive, age appropriate, developmentally based drug and alcohol education and prevention programs. The curriculum includes the teaching of both proper and incorrect use of drugs and alcohol for all students in all grades.

Drug and Alcohol Education and Prevention Program of the District Pursuant to the Safe and Drug-Free Schools and Communities Laws and Regulations. All students will be provided with an age appropriate, developmentally based drug and alcohol education and prevention program. The program educates on the adverse effects of the use of illicit drugs and alcohol, with the primary objective being the prevention of illicit drug and alcohol use by students.

Drug and Alcohol Counseling, Rehabilitation and Re-entry Programs. Information concerning available drug and alcohol counseling, rehabilitation, and re-entry programs is available to all of the students upon request of the Counselor.

Safe and Drug-Free Schools—Parental Notice. Pursuant to the provisions of federal law, if, upon receipt of information regarding the content of safe and drug free school programs and activities other than classroom instruction, a parent objects to the participation of their child in such programs and activities, then the parent may notify the District of such objection in writing. Upon receipt of such notice, the student will be withdrawn from the program or activity to which parental objection has been made.

Section 3 Standards of Student Conduct Pertaining to Drugs, Alcohol and Tobacco

The District prohibits the possession, use, or distribution of illicit drugs (including electronic nicotine delivery systems) and alcohol on school premises, in school vehicles, or as a part of any of the school's activities on or off school premises. The conduct prohibited includes, but not be limited to, the following:

1. Possession, use, distribution or being under the influence of any controlled substance, including but not limited to marijuana, any narcotic drug, any hallucinogen, any stimulant, or any depressant.
2. Possession of any prescription drug in an unlawful fashion.
3. Possession, use, distribution or being under the influence of alcohol.
4. Possession, use, distribution, or being under the influence of any abusable glue or aerosol paint or any other chemical substance for inhalation, including but not limited to lighter fluid, and whiteout when such activity constitutes a substantial interference with school purposes.
5. Possession, use, or distribution of any look-alike drug or look-alike controlled substance when such activity constitutes a substantial interference with school purposes.
6. Possession, use or distribution of any tobacco product.

Disciplinary Sanctions

Violation of any of the above prohibited conduct will result in student discipline, up to and including expulsion and referral to appropriate authorities for criminal prosecution. In particular, students should be aware that:

1. Violation of these standards may result in suspension or expulsion.
2. Prohibited substances will be confiscated and unlawful substances will be turned over to law enforcement authorities.
3. The student may be referred for counseling or treatment.
4. Parents or legal guardians will be notified.
5. Law enforcement will be notified.
6. If it appears there is imminent danger to the student, other students, school personnel, or students involved, emergency medical services will be contacted.

Article 8 – Student Conduct Rules

Section 1 Purpose of Student Conduct Rules

These student conduct rules are established to maintain a school atmosphere which is conducive to learning, to aid student development, to further school purposes, and to prevent interference with the educational process. Violations of these student conduct rules will result in disciplinary action.

Section 2 Forms of School Discipline

Students who violate the student conduct rules may be subject to the following forms of discipline:

1. Short-Term Suspension: Students may be excluded by the Principal or the Principal's designee from school or any school function for a period of up to five (5) school days (short-term suspension) on the following grounds:
 - a. Conduct that constitutes grounds for expulsion, whether the conduct occurs on or off school grounds; or
 - b. Other violations of rules and standards of behavior adopted by the Board of Education or the administrative or teaching staff of the school, which occur on or off school grounds, if such conduct interferes with school purposes or there is a nexus between such conduct and school.

The following process will apply to short-term suspensions:

- a. The Principal or the Principal's designee will make a reasonable investigation of the facts and circumstances. A short-term suspension will be made upon a determination that the suspension is necessary to help any student, to further school purposes, or to prevent an interference with school purposes.
 - b. Prior to commencement of the short-term suspension, the student will be given oral or written notice of the charges against the student. The student will be advised of what the student is accused of having done, an explanation of the evidence the authorities have, and be afforded an opportunity to explain the student's version of the facts.
 - c. Within 24 hours or such additional time as is reasonably necessary, but not more than 48 hours, following the suspension, the Principal or administrator will send a written statement to the student and the student's parent or guardian describing the student's conduct, misconduct, or violation of the rule or standard and the reasons for the action taken.
 - d. An opportunity will be given to the student, and the student's parent or guardian, to have a conference with the Principal or administrator ordering the short-term suspension before or at the time the student returns to school. The Principal or administrator shall determine who in addition to the parent or guardian is to attend the conference. The Principal shall document their attempt to make a reasonable effort to hold a conference with the parent or guardian.
 - e. A student on a short-term suspension shall not be permitted to be on school grounds without the express permission of the Principal.
2. Long-Term Suspension: A long-term suspension means an exclusion from school and any school functions for a period of more than five (5) school days but less than twenty (20) school days. A student who is on a long-term suspension shall not be permitted to be on school grounds without the express permission of the Principal. Pursuant to the Nebraska Student Discipline Act, a notice will be given to the student and the parents/guardian when the Principal recommends a long-term suspension. The notice will include a description of the procedures for long-term suspension; the procedures will be those set forth in the Student Discipline Act.
 3. Expulsion:
 - a. Meaning of Expulsion. Expulsion means exclusion from attendance in all schools, grounds and activities of or within the system for a period not to exceed

the remainder of the semester in which it took effect unless the misconduct occurred (a) within ten (10) school days prior to the end of the first semester, in which case the expulsion shall remain in effect through the second semester, or (b) within ten (10) school days prior to the end of the second semester, in which case the expulsion shall remain in effect for summer school and the first semester of the following school year, or (c) unless the expulsion is for conduct specified in these rules or in law as permitting or requiring a longer removal, in which case the expulsion shall remain in effect for the period specified therein. Such action may be modified or terminated by the school district at any time during the expulsion period. A student who has been expelled shall not be permitted to be on school grounds without the express permission of the Principal. A notice will be given to the student and the parents/guardian when the Principal recommends an expulsion. The notice will include a description of the procedures for expulsion; the procedures will be those set forth in the Student Discipline Act.

- b. Suspension Pending Hearing. When a notice of intent to discipline a student by long-term suspension, expulsion, or mandatory reassignment is filed with the superintendent, the student may be suspended by the principal until the date the long-term suspension, expulsion, or mandatory reassignment takes effect if the principal determines that the student must be suspended immediately to prevent or substantially reduce the risk of (a) interference with an educational function or school purpose or (b) a personal injury to the student himself or herself, other students, school employees, or school volunteers. If the student is suspended pending the outcome of the hearing, the student may complete classwork and homework, including, but not limited to, examinations missed during the period of suspension. During this period, the student will not be required to attend the alternative programs for expelled students in order to complete classwork or homework.
- c. Summer Review. Any expulsion that will remain in effect during the first semester of the following school year will be automatically scheduled for review before the beginning of the school year in accordance with law.
- d. Alternative Education: Students who are expelled may be offered an alternative education program that will enable the student to continue academic work for credit toward graduation. A student will not be required to attend the alternative education program to complete classwork and homework. In the event an alternative education program is not provided, a conference will be held with the parent, student, the Principal, or another school representative assigned by the Principal, and a representative of a community organization that assists young people or that is involved with juvenile justice to develop a plan for the student in accordance with law.
- e. Suspension of Enforcement of an Expulsion: Enforcement of an expulsion action may be suspended (i.e., “stayed”) if the Superintendent approves the suspension of an expulsion. As a condition of such suspended action, the student and parents will be required to sign a discipline agreement.
- f. Returning from Expulsion. At the conclusion of an expulsion, the District will reinstate the student and accept nonduplicative, grade-appropriate credits earned

by the student during the term of expulsion from any Nebraska accredited institution or institution accredited by one (1) of the six (6) regional accrediting bodies in the United States.

4. Emergency Exclusion: A student may be excluded from school in the following circumstances:
 - a. If the student has a dangerous communicable disease transmissible through normal school contacts and poses an imminent threat to the health or safety of the school community; or
 - b. If the student's conduct presents a clear threat to the physical safety of himself, herself, or others, or is so extremely disruptive as to make temporary removal necessary to preserve the rights of other students to pursue an education.

Any emergency exclusion shall be based upon a clear factual situation warranting it and shall last no longer than is necessary to avoid the dangers described above.

If the emergency exclusion will be for five (5) school days or less, the procedures for a short-term suspension shall be followed. If the Superintendent or designee determines that an emergency exclusion shall extend beyond five days, a hearing may, upon a parent or guardian's request, be held and a final determination made within ten (10) school days after the initial date of exclusion. Such appeal procedures shall substantially comply with the procedures set forth in this Handbook for a long-term suspension or expulsion and be modified by the Board of Education only to the extent necessary to accomplish the hearing and determination within this shorter time period.

5. Other Forms of Student Discipline: Administrative and teaching personnel may also take actions regarding student behavior, other than removal of students from school, which are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include, but are not limited to, counseling of students, parent conferences, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling, psychological evaluation, or psychiatric evaluation upon the written consent of a parent or guardian to such counseling or evaluation. The actions may also include in-school suspensions. When in-school suspensions, after-school assignments, or other disciplinary measures are assigned, the student is responsible for complying with such disciplinary measures. A failure to serve such assigned discipline as directed will serve as grounds for further discipline, up to expulsion from school.
6. Student Conduct Expectations. Students are not to engage in conduct which causes, or which creates a reasonable likelihood that it will cause, a substantial disruption in or material interference with any school function, activity or purpose or interfere with the health, safety, well-being or rights of other students, staff, or visitors.

7. Grounds for Short-Term Suspension, Long-Term Suspension, Expulsion or Mandatory Reassignment. The following conduct has been determined by the Board of Education to have the potential to seriously affect the health, safety or welfare of students, staff, and other persons or to interfere with the educational process otherwise seriously. Such conduct constitutes grounds for long-term suspension, expulsion, or mandatory reassignment, and any other lesser forms of discipline. The conduct is subject to the consequence of long-term suspension, expulsion, or mandatory reassignment where it occurs on school grounds, in a vehicle owned, leased, or contracted by the school and being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or an employee's designee, or at a school-sponsored activity or athletic event.
- a. Willfully disobeying any reasonable written or oral request of a school staff member, or the voicing of disrespect to those in authority.
 - b. Use of violence, force, coercion, threat, intimidation, harassment, or similar conduct in a manner that constitutes a substantial interference with school purposes or making any communication that a reasonable recipient would interpret as a serious expression of an intent to harm or cause injury to another.
 - c. Willfully causing or attempting to cause substantial damage to property, stealing or attempting to steal property of substantial value, repeated damage or theft involving property, or setting or attempting to set a fire of any magnitude.
 - d. Causing or attempting to cause personal injury to any person, including any school employee, school volunteer, or student. Personal injury caused by accident, self-defense, or other action undertaken on the reasonable belief that it was necessary to protect some other person shall not constitute a violation of this subdivision.
 - e. Threatening or intimidating any student for the purpose of or with the intent of obtaining money or anything of value from such student or making a threat which causes or may be expected to cause a disruption to school operations.
 - f. Knowingly possessing, handling, or transmitting any object or material that is ordinarily or generally considered a weapon or that has the appearance of a weapon or bringing or possessing any explosive device, including fireworks.
 - g. Engaging in selling, using, possessing, or dispensing of alcohol, tobacco, narcotics, drugs, controlled substance, or an inhalant; being under the influence of any of the above; possession of drug paraphernalia, or the selling, using, possessing, or dispensing of an imitation controlled substance as defined in section 28-401 of the Nebraska statutes, or material represented to be alcohol, narcotics, drugs, a controlled substance or inhalant. Tobacco means any tobacco product (including but not limited to cigarettes, cigars, and chewing tobacco), vapor products (such as e-cigarettes), electronic nicotine delivery systems, alternative nicotine products, tobacco product look-alikes, and products intended to replicate tobacco products either by appearance or effect. Use of a controlled substance in the manner prescribed for the student by the student's physician is not a violation. The term "under the influence" has a less strict meaning than it does under criminal law; for school purposes, the term means any level of impairment and includes even the odor of alcohol or illegal

substances on the breath or person of a student; also, it includes being impaired by reason of the abuse of any material used as a stimulant.

- h. Public indecency or sexual conduct.
- i. Engaging in bullying, which includes any ongoing pattern of physical, verbal, or electronic abuse on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose by a school employee or a school employee's designee, or at school-sponsored activities or school-sponsored athletic events.
- j. Sexually assaulting or attempting to sexually assault any person. This conduct may result in an expulsion regardless of the time or location of the offense if a complaint alleging such conduct is filed in a court of competent jurisdiction.
- k. Engaging in any activity forbidden by law which constitutes a danger to other students or interferes with school purposes. This conduct may result in an expulsion regardless of the time or location of the offense if the conduct creates or had the potential to create a substantial interference with school purposes, such as the use of the telephone or internet off-school grounds to threaten.
- l. A repeated violation of any rules established by the school district or school officials if such violations constitute a substantial interference with school purposes.
- m. Truancy or failure to attend assigned classes or assigned activities; or tardiness to school, assigned classes or assigned activities.
- n. The use of language, written or oral, or conduct, including gestures, which is profane or abusive to students or staff members. Profane or abusive language or conduct includes, but is not limited to, that which is commonly understood and intended to be derogatory toward a group or individual based upon race (including skin color, hair texture and protective hairstyles), gender, disability, national origin, or religion.
- o. Dressing or grooming in a manner which is dangerous to the student's health and safety or a danger to the health and safety of others or repeated violations of the student dress and grooming standards; dressing, grooming, or engaging in speech that is lewd or indecent, vulgar or plainly offensive; dressing, grooming, or engaging in speech that school officials reasonably conclude will materially and substantially disrupt the work and discipline of the school; dressing, grooming, or engaging in speech that a reasonable observer would interpret as advocating illegal drug use.
- p. Willfully violating behavioral expectations for riding school buses or vehicles.

In addition to the foregoing, a student who engages in the following conduct shall be expelled for the remainder of the school year in which it took effect if the misconduct occurs during the first semester, and if the expulsion for such conduct takes place during the second semester, the expulsion shall remain in effect for the first semester of the following school year, with the condition that such action may be modified or terminated by the school district during the expulsion period on such terms as the administration may establish:

- a. The knowing and intentional use of force in causing or attempting to cause personal injury to a school employee, school volunteer, or student, except if

caused by accident, self-defense, or on the reasonable belief that the force used was necessary to protect some other person and the extent of force used was reasonably believed to be necessary, or

- b. The known and intentional possession, use, or transmission of a dangerous weapon other than a firearm. The term “dangerous weapon” includes any personal safety or security device (such as tasers, mace, and pepper spray). If a student desires to carry or possess a personal safety or security device, the student must obtain prior approval from the building principal before bringing such device to school grounds. If a student obtains prior approval from the building principal, the student must store the device during the school day in the student’s locker, in the main office or in another secure location designated by the building principal. A student shall not carry a personal safety or security device during the school day.

Further, a student will be expelled for one (1) calendar year if the student knowingly and intentionally possesses, uses, or transmits a firearm on school grounds, in a school-owned or utilized vehicle, or during an educational function or event off school grounds, or at a school-sponsored activity or athletic event. The term “firearm” means a firearm as defined in 18 U.S.C. 921, as that statute existed on January 1, 1995. The only exception to this rule is if the student obtains prior written permission to bring the firearm on school grounds by the Superintendent for a school-related purpose.

8. Additional Student Conduct Expectations and Grounds for Discipline. The following additional student conduct expectations are established. Failure to comply with such rules may be grounds for disciplinary action, up to and including an expulsion.

- a. Student Appearance: Students are expected to dress in a way that is appropriate for the school setting. Students should not dress in a manner that is dangerous to the health and safety of anyone or interferes with the learning environment or teaching process in our school. The following is a non-exhaustive list of examples of attire that are not appropriate at school:
 - i. Clothing or jewelry that advertises or promotes beer, alcohol, tobacco, or illegal drugs.
 - ii. Clothing or jewelry that could be used as a weapon (chains, spiked apparel) or that would encourage “horseplay” or that would damage property (e.g. cleats).
 - iii. Headwear including hats, caps, and bandannas.
 - iv. Clothing or jewelry which exhibits nudity, makes sexual references, or carries lewd, indecent, or vulgar double meaning.
 - v. Clothing or jewelry that is gang related.
 - vi. Any other clothing that the administration deems inappropriate for the school setting.

The final decision regarding attire and grooming will be made by the Principal or Superintendent. In the event a student is uncertain as to whether a particular item or

method of grooming is consistent with the school's guidelines, the student should contact the Principal for approval.

On a first offense of the dress code, the student may call home for proper apparel. If clothes cannot be brought to school, the student will be assigned to in-school suspension for the remainder of the day. Students will not be allowed to leave campus to change clothes. Continual violations of the dress code may result in more serious disciplinary actions, up to expulsion. Further, in the event the dress code violation is determined to also violate other student conduct rules (e.g., public indecency, insubordination, expression of profanity, and the like), a first offense of the dress code may result in more serious discipline, up to expulsion.

b. Academic Integrity.

- i. Policy Statement: Students are expected to abide by the standards of academic integrity established by their teachers and school administration. Standards of academic integrity are established for students to learn as much as possible from instruction, for students to be given grades which accurately reflect the student's level of learning and progress, to provide a level playing field for all students, and to develop appropriate values.

Cheating and plagiarism violate the standards of academic integrity. Sanctions will be imposed against students who engage in such conduct.

- ii. Definitions: The following definitions provide a guide to the standards of academic integrity:

(1) "Cheating" means intentionally misrepresenting the source, nature, or other conditions of academic work so as to accrue undeserved credit, or to cooperate with someone else in such misrepresentation. Such misrepresentations may, but need not necessarily, involve the work of others. Cheating includes, but is not limited to:

(a) Tests (includes tests, quizzes and other examinations or academic performances):

- (i) Advance Information: Obtaining, reviewing, or sharing copies of tests or information about a test before these are distributed for student use by the instructor. For example, a student engages in cheating if, after having taken a test, the student informs other students in a later section of the questions that appear on the test.
- (ii) Use of Unauthorized Materials: Using notes, textbooks, preprogrammed formulae in calculators, or other unauthorized material, devices or information while taking a test except as expressly permitted. For example, except for "open book" tests, a student engages in cheating if the student looks at personal notes or the textbook during the test.
- (iii) Use of Other Student Answers: Copying or looking at another student's answers or work, or sharing answers or work with another student, when taking a test, except as expressly

permitted. For example, a student engages in cheating if the student looks at another student's paper during a test. A student also engages in cheating if the student tells another student answers during a test or while exiting the testing room, or knowingly allows another student to look at the student's answers on the test paper.

- (iv) Use of Other Student to Take Test. Having another person take one's place for a test, or taking a test for another student, without the specific knowledge and permission of the instructor.
 - (v) Misrepresenting Need to Delay Test. Presenting false or incomplete information in order to postpone or avoid the taking of a test. For example, a student engages in cheating if the student misses class on the day of a test, claiming to be sick, when the student's real reason for missing class was because the student was not prepared for the test.
- (b) Papers (includes papers, essays, lab projects, and other similar academic work):
- (i) Use of Another's Paper: Copying another student's paper, using a paper from an essay writing service, or allowing another student to copy a paper, without the specific knowledge and permission of the instructor.
 - (ii) Re-use of One's Own Papers: Using a substantial portion of a piece of work previously submitted for another course or program to meet the requirements of the present course or program without notifying the instructor to whom the work is presented.
 - (iii) Assistance from Others: Having another person assist with the paper to such an extent that the work does not truly reflect the student's work. For example, a student engages in cheating if the student has a draft essay reviewed by the student's parent, sibling or artificial intelligence, and the essay is substantially rewritten by the student's parent, sibling, or artificial intelligence. Assistance from home is encouraged, but the work must remain the student's.
 - (iv) Failure to Contribute to Group Projects. Accepting credit for a group project in which the student failed to contribute a fair share of the work.
 - (v) Misrepresenting Need to Delay Paper. Presenting false or incomplete information in order to postpone or avoid turning in a paper when due. For example, a student engages in cheating if the student misses class on the day a paper is due, claiming to be sick, when the student's real reason for missing class was because the student had not finished the paper.

- (c) Alteration of Assigned Grades. Any unauthorized alteration of assigned grades by a student in the teacher's grade book or the school records is a serious form of cheating.
 - (2) "Plagiarism" means to take and present as one's own a material portion of the ideas or words of another or to present as one's own an idea or work derived from an existing source without full and proper credit to the source of the ideas, words, or works. Plagiarism includes, but is not limited to:
 - (a) Failure to Credit Sources: Copying work (words, sentences, and paragraphs or illustrations or models) directly from the work of another without proper credit. Academic work frequently involves the use of outside sources. To avoid plagiarism, the student must either place the work in quotations or give a citation to the outside source.
 - (b) Falsely Presenting Work as One's Own: Presenting work prepared by another in final or draft form as one's own without citing the source, such as the use of purchased research papers or use of another student's paper.
 - (c) Use of Artificial Intelligence Without Disclosure: Submitting work created in whole or in part by artificial intelligence (AI) tools (such as ChatGPT, Grammarly, or image or code generators) without proper acknowledgment constitutes plagiarism. Students must credit AI tools when they contribute substantially to the wording, ideas, or content of submitted work. Use of AI assistance must follow classroom or assignment guidelines and must not replace a student's own thinking, writing, or problem-solving unless explicitly permitted by the instructor.
 - (3) "Contributing" to academic integrity violations means to participate in or assist another in cheating or plagiarism. It includes but is not limited to allowing another student to look at your test answers, to copy your papers or lab projects, and to fail to report a known act of cheating or plagiarism to the instructor or administration.
- c. Sanctions: The following sanctions will occur when a student engages in cheating, plagiarism, or contributing to an academic integrity offense:
 - (i) Academic Sanction. The instructor will refuse to accept the student's work in which the academic integrity offense took place, assign a grade of "F" or zero for the work, and require the student to complete a test or project in place of the work within such time and under such conditions as the instructor may determine appropriate. In the event the student completes the replacement test or project at a level meeting minimum performance standard, the instructor will assign a grade which the instructor determines to be appropriate for the work.
 - (ii) Report to Parents and Administration. The instructor will notify the Principal of the offense and the instructor or Principal will notify the student's parents or guardian.

(iii) Student Discipline Sanctions. Academic integrity offenses are a violation of school rules. The Principal may recommend sanctions in addition to those assigned by the instructor, up to and including suspension or expulsion. Such additional sanctions will be given strong consideration where a student has engaged in serious or repeated academic integrity offense or other rule violations, and where the academic sanction is otherwise not a sufficient remedy, such as for offenses involving altering assigned grades or contributing to academic integrity violations.

9. Inappropriate Public Displays of Affection (IPDA): Students are not to engage in inappropriate public displays of affection on school property or at school activities. Such conduct includes kissing, touching, fondling or other displays of affection that would be reasonably considered to be embarrassing or a distraction to others.

Students will face the following consequences for IPDA:

- a. 1st Offense: Student will be directed to stop.
- b. 2nd Offense: Student will be directed to stop, and parents will be notified.
- c. 3rd Offense: Student will be suspended from school for a minimum of one (1) day, and parents and student will need to meet with the administration to address the ongoing conduct.

If this type of behavior continues, or if the IPDA is lewd or constitutes sexual conduct, the student could face long-term suspension or expulsion.

10. Law Violations

Any act of a student which is a basis for expulsion and which the Principal or designee knows or suspects is a violation of the Nebraska Criminal Code will be reported to law enforcement as soon as possible.

11. Anti-Bullying:

One of the missions of the District is to provide safe and secure environments for all students and staff. Students who are the victim of bullying or harassment or who observe such occurrences are to promptly report the problem to their teacher or to the Principal so the problem can be addressed. Students who make reports of bullying activity will not be retaliated against for making the report. The school's anti-bullying is available for review on the District's website.

12. Network, E-Mail, Internet, and Other Computer Use Rules:

a. General Rules:

- i. The network is provided to staff and students to conduct research and communicate with others. Access to network services is given to staff and students who have agreed to act in a responsible manner. Access for all staff and students is a privilege and not a right.
- ii. Individual users of the district network are responsible for their behavior, actions, problems, and communications involving and over the network. Users will comply with district rules and will honor the agreements they have signed. Beyond clarification of such rules, the district is not

responsible for restricting, monitoring, editing, or controlling the information, equipment or communications of individuals utilizing the network or the end product or result of such utilization.

- iii. Network storage areas shall be treated like school lockers for students. Network administrators may review files, information, equipment, messages and communications of staff and students to maintain system integrity and ensure that users are using the network system responsibly. Users should not expect that files or any information stored or otherwise used or retained on the network, district servers, or in computers, will be private. No reasonable expectation of privacy shall exist in relation to network use.
 - iv. Users should not expect, and the district does not warrant, any information or products obtained from the network, that files or information stored, obtained, or used on the network will be private, and use of the network waives and relinquishes all such privacy rights, interests or claims to confidentiality the user may have under state or federal law.
 - v. The district will not be liable for, and does not warrant in any way, purchases made by any user over the network. Users shall not make purchases of goods and/or services via the district's network.
- b. Rules for Acceptable Use of Computers and the Network: The following rules for acceptable use of computers and the network, including Internet, shall apply to all students:
- i. Students shall not erase, remake, or make unusable anyone else's computer, information, files, or programs.
 - ii. Students shall not let other people use their name, account, log-on password, or files for any reason (except for authorized staff members).
 - iii. Students shall not use or try to discover another user's account or password.
 - iv. Students shall not use the computer for unlawful purposes, such as illegal copying or installation of unauthorized software.
 - v. Students shall not copy, change, or transfer any software or documentation provided by teachers, or other students without permission from the network administrators.
 - vi. Students shall not write, produce, generate, copy, propagate, or attempt to introduce any computer code, software or information designed to selfreplicate, damage, or otherwise hinder the performance of the network or any computer's memory, file system, or software.
 - vii. Students shall not use the computer to annoy or harass others with language, images, or threats. Users shall not access, accept, create, or send any obscene, vulgar, lewd, tasteless, or objectionable messages, information, language, or images.
 - viii. Students shall not damage the network or equipment, damage information belonging to others, misuse network resources, or allow others to misuse network resources.

Section 3 Multicultural

The philosophy of the District's multicultural education program is that students will have improved ability to function as productive members of society when provided with: (a) an understanding of diverse cultures and races, the manner in which the existence of diverse cultures and races have affected the history of our Nation and the world, and of the contributions made by diverse cultures and races (including but not be limited to African Americans, Hispanic Americans, Native Americans, Asian Americans and European Americans) and (b) with the ability and skills to be sensitive toward and to study, work and live successively with persons of diverse cultures and races. The mission shall also include preparing students to eliminate stereotypes and discrimination, or harassment of others based on ethnicity, religion, gender, socioeconomic status, age, or disability.

Section 4 Notice to Parents of Rights Afforded by Section 504 of the Rehabilitation Act of 1973

The following is a description of the rights granted to qualifying students with disabilities under Section 504 of the Rehabilitation Act. The intent of the law is to keep you fully informed concerning the decisions about your child and to inform you of your rights if you disagree with any of these decisions. You have the right to:

1. Have your child take part in, and receive benefits from, public education programs without discrimination because of his/her disability.
2. Have the school district advise you of your rights under federal law.
3. Receive notice with respect to identification, evaluation, or placement of your child.
4. Have your child receive a free appropriate public education.
5. Have your child receive services and be educated in facilities which are comparable to those provided to every student.
6. Have evaluation, educational and placement decisions made based on a variety of information sources and by persons who know the student and who are knowledgeable about the evaluation data and placement options.
7. Have transportation provided to and from an alternative placement setting (if the setting is a program not operated by the district) at no greater cost to you than would be incurred if the student were placed in a program operated by the district.
8. Have your child be given an equal opportunity to participate in nonacademic and extracurricular activities offered by the district.

9. Examine all relevant records relating to decisions regarding your child's identification, evaluation, and placement.
10. Request mediation or an impartial due process hearing related to decisions or actions regarding your child's identification, evaluation, educational program, or placement. (You and your child may take part in the hearing. Hearing requests are to be made to the Superintendent.)
11. File a local grievance.

Section 5 Notification of Rights Under FERPA

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. They are:

1. The right to inspect and review the student's education records within 45 days of the day the District receives a request for access.

Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading.

Parents or eligible students may ask the School District to amend a record that they believe is inaccurate or misleading. They should write to the school principal, clearly identify the part of the record they want changed and specify why it is inaccurate or misleading. If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the District as an administrator, supervisor, instructor or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the District discloses education records without consent to officials of another School District in which a student seeks or intends to enroll.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education 400
Maryland Avenue, S.W.
Washington, D.C. 20202-4605

Notice Concerning Directory Information

The District may disclose directory information. The types of personally identifiable information that the District has designated as directory information are as follows:

1. Student's Name, address, telephone listing, and the name, address, telephone listings (if not unlisted), e-mail address and work or other contact information of the student's parent/guardian or other adult acting in loco parentis or with authority to act as parent or guardian in educational matters for the student;
2. School and dates of attendance;
3. Student's current grade;
4. Student's enrollment status (e.g. full-time or part-time);
5. Student's date of birth and place of birth;
6. Student's extra-curricular participation;
7. Student's achievement awards or honors;
8. Student's weight and height if a member of an athletic team;
9. Student's photograph; and
10. School or school district the student attended before he or she enrolled in Sargent Public Schools.

Notwithstanding the foregoing, the District does not designate as directory information personally identifiable information from students' education records where the District determines that the disclosure to the potential recipient poses a risk to student safety or well-being, including but not limited to circumstances where the potential recipient is a registered sex offender and the personally identifiable information would permit the potential recipient to communicate with or otherwise contact the student.

A parent or eligible student has the right to refuse to let the District designate information about the student as directory information. The period of time within which a parent or eligible student has to notify the District in writing that he or she does not want information about the student designated as directory information is as follows: two (2) weeks from the time this information is

first received. Please contact the Superintendent's office to indicate your refusal to have your child's information designated as directory information.

The District may disclose information about former students without meeting the conditions in this section.

The District's policy is for education records to be kept confidential except as permitted by the FERPA law, and the District does not approve any practice which involves an unauthorized disclosure of education records. In some courses student work may be displayed or made available to others. Also, some teachers may have persons other than the teacher or school staff, such as volunteers or fellow students, assist with the task of grading student work and returning graded work to students. The District does not either approve or disapprove such teaching practices and designates such student work as directory information and/or as non-education records. Each parent and eligible student shall be presumed to have accepted this designation in the absence of the parent or eligible student giving notification to the District in writing in the manner set forth above pertaining to the designation of directory information. Consent will be presumed to have been given in the absence of such a notification from the parent or eligible student.

Section 6 Military Recruiters

The District will provide military recruiters with access to routine directory information of each high school student unless the student's parent or guardian requests in writing that their student's information not be shared with a military recruiter. Parents and guardians who do not want their student's information to be shared with a military recruiter must notify the high school principal in writing. If a parent or guardian does not notify the high school principal in writing, the District will provide a military recruiter with the student's routine directory information.

Section 7 Combined District and School Title I Parent and Family Involvement

The written District parent and family engagement policy has been developed jointly with, updated periodically, and distributed to parents and family members of participating children and the local community in an understandable and uniform format. This policy agreed on by such parents is available for review on the District's website.

Section 8 Student Privacy Protection Policy

Right of Parents to Inspect Surveys Funded or Administered by the United States Department of Education or Third Parties: Parents shall have the right to inspect, upon the parent's request, a survey created by and administered by either the United States Department of Education or a third party (a group or person other than the District) before the survey is administered or distributed by the school to the parent's child.

Protection of Student Privacy in Regard to Surveys of Matters Deemed to be Sensitive: The District will require, for any survey of students which contain one or more matters deemed to be sensitive (see section headed "Definition of Surveys of Matters Deemed to be Sensitive"), that suitable arrangements be made to protect student privacy (that is, the name or other identifying information about a particular student). For such surveys, the District will also follow the procedures set forth in the section entitled: "Notification of and Right to Opt-Out of Specific Events."

Right of Parents to Inspect Instructional Materials: Parents have the right to inspect, upon reasonable request, any instructional material used as part of the educational curriculum for their child. Reasonable requests for inspection of instructional materials shall be granted within a reasonable period of time after the request is received. Parents shall not have the right to access academic tests or academic assessments, as such are not within the meaning of the term

“instructional materials” for purposes of this policy. The procedures for making and granting a request to inspect instructional materials are as follows: the parent shall make the request, with reasonable specificity, directly to the building principal. The building principal, within five (5) school days, shall consult with the teacher or other educator responsible for the curriculum materials. In the event the request can be accommodated, the building principal shall make the materials available for inspection or review by the parent, at such reasonable time and place as will not interfere with the educator’s intended use of the materials. In the event there is a question as to the nature of the curriculum materials requested or as to whether the materials are required to be provided, the building principal shall notify the parent of such concern and assist the parent with forming a request which can reasonably be accommodated. If the parent does not formulate such a request, and continues to desire certain curriculum materials, the parent shall be asked to make their request to the Superintendent.

Rights of Parents to be Notified of and to Opt-Out of Certain Physical Examinations or Screenings. The general policy and practice of the District is to not administer physical examinations or screenings of students which require advance notice or parental opt-out rights under the applicable federal laws, for the reason that the physical examinations or screenings to be conducted by the District will usually fit into one of the following exceptions: (1) hearing, vision, or scoliosis screenings; (2) physical examinations or screenings that are permitted or required by an applicable State law; and (3) surveys administered to students in accordance with the Individuals with Disabilities Education Act. For physical examinations or screenings which do not fit into the applicable exceptions, the District will follow the procedures set forth in the section entitled: “Notification of and Right to Opt-Out of Specific Events.”

Protection of Student Privacy in Regard to Personal Information Collected from Students: The general policy and practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information. The District will make reasonable arrangements to protect student privacy to the extent possible in the event of any such collection, disclosure, or use of personal information. “Personal information” for purposes of this policy means individually identifiable information about a student including: a student or parent’s first and last name, home address, telephone number, and social security number. The term “personal information,” for purposes of this policy, does not include information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions. This exception includes the following examples: (i) college or postsecondary education recruitment, or military recruitment; (ii) book clubs, magazines, and programs providing access to low-cost literary products; (iii) curriculum and instructional materials used by elementary schools and secondary schools; (iv) tests and assessments used by elementary schools and secondary schools to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about student, or to generate other statistically useful data for the purpose of securing

such tests and assessments, and the subsequent analysis and public release of the aggregate data from such tests and assessments; (v) the sale by student of products or services to raise funds for school-related or education-related activities; (vi) student recognition programs.

Parental Access to Instruments used in the Collection of Personal Information: While the general practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information, parents shall have the right to inspect, upon reasonable request, any instrument which may be administered or distributed to a student for such purposes. Reasonable requests for inspection shall be granted within a reasonable period of time after the request is received. The procedures for making and granting such a request are as follows: the parent shall make the request, with reasonable specificity, directly to the building principal and shall identify the specific act and the school staff member or program responsible for the collection, disclosure, or use of personal information from students for the purpose of marketing that information. The building principal, within five (5) school days, shall consult with the school staff member or person responsible for the program which has been reported by the parent to be responsible for the collection, disclosure, or use of personal information from students. In the event such collection, disclosure, or use of personal information is occurring or there is a plan for such to occur, the building principal shall consult with the Superintendent for determination of whether the action shall be allowed to continue. If not, the instrument for the collection of personal information shall not be given to any students. If it is to be allowed, such instrument shall be provided to the requesting parent as soon as such instrument can be reasonably obtained.

Notification to Parents of Dates of and Right to Opt-Out of Specific Events: The District will directly notify the parents of the affected children, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when any of the following activities are scheduled, or are expected to be scheduled:

The collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information. (Note: the general practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information). Surveys of students involving one or more matters deemed to be sensitive in accordance with the law and this policy; and,

Any non-emergency, invasive physical examination or screening that is required as a condition of attendance; administered by the school and scheduled by the school in advance; and not necessary to protect the immediate health and safety of the student or of other students. (Note: the general practice of the District is to not engage in physical examinations or screenings which require advance notice, for the reason that the physical examinations or screenings to be conducted by the District will usually fit into one of the following exceptions to the advance notice requirement and parental opt-out right: (1) hearing, vision, or scoliosis screenings; (2) physical examinations or screenings that are permitted or required by an applicable State law, and (3) surveys administered to students in accordance with the Individuals with Disabilities Education Act).

Parents shall be offered an opportunity in advance to opt their child out of participation in any of the above-listed activities.

In the case of a student of an appropriate age (that is, a student who has reached the age of 18, or a legally emancipated student), the notice and opt-out right shall belong to the student.

Definition of Surveys of Matters Deemed to be Sensitive: Any survey containing one or more of the following matters shall be deemed to be “sensitive” for purposes of this policy:

1. Political affiliations or beliefs of the student or the student’s parent;
2. Mental or psychological problems of the student or the student’s parent;
3. Sex behavior or attitudes;
4. Illegal, anti-social, self-incriminating or demeaning behavior;
5. Critical appraisals of other individuals with whom the student has close family relationships;
6. Legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
7. Religious practices, affiliations, or beliefs of the students or the student’s parent;
8. Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).

Section 9 Homeless Students

The District shall ensure that homeless children and youths shall have equal access to the same free, appropriate public education, including public preschool education, as provided to other children and youths. Any person with knowledge of a homeless student in the District should contact the District’s Homeless Coordinator. A copy of the District’s Homeless Policy is available on the District’s website.

How does Google use this information?

In Google Workspace for Education Core Services, Google uses student personal information primarily to provide the core services that schools and students use, but it's also used to maintain and improve the services; make recommendations to optimize the use of the services; provide and improve other services your student requests; provide support; protect Google's users, customers, the public, and Google; and comply with legal obligations. See the Google Cloud Privacy Notice for more information.

In Google Additional Services, Google may use the information collected from all Additional Services to deliver, maintain, and improve our services; develop new services; provide personalized services; measure performance; communicate with schools or users; and protect Google, Google's users, and the public. See the [Google Privacy Policy](#) for more details.

Does Google use student personal information for users in K-12 schools to target advertising?

No. There are no ads shown in Google Workspace for Education core services. Also, none of the personal information collected in the core services is used for advertising purposes.

Some additional services show ads; however, for users in primary and secondary (K12) schools, the ads will not be personalized ads, which means Google does not use information from your student's account or past activity to target ads. However, Google may show ads based on general factors like the student's search queries, the time of day, or the content of a page they're reading.

Can my child share information with others using the Google Workspace for Education account?

We may allow students to access Google services such as Google Docs and Sites, which include features where users can share information with others or publicly. For example, if your student shares a photo with a friend who then makes a copy of it, or shares it again, then that photo may continue to appear in the friend's Google Account, even if your student removes it from their Google Account. When users share information publicly, it may become accessible through search engines, including Google Search.

Will Google disclose my child's personal information?

Google will not share personal information with companies, organizations and individuals outside of Google except in the following cases:

With our school: Our school administrator (and resellers who manage your or your organization's Workspace account) will have access to your student's information. For example, they may be able to:

- View account information, activity and statistics;
- Change your student's account password;

- Suspend or terminate your student's account access;
- Access your student's account information in order to satisfy applicable law, regulation, legal process, or enforceable governmental request;
- Restrict your student's ability to delete or edit their information or privacy settings.

With your consent: Google will share personal information outside of Google with parental consent.

For external processing: Google will share personal information with Google's affiliates and other trusted third party providers to process it for us as Google instructs them and in compliance with our [Google Privacy Policy](#), the [Google Cloud Privacy Notice](#), and any other appropriate confidentiality and security measures.

For legal reasons: Google will share personal information outside of Google if they have a good-faith belief that access, use, preservation or disclosure of the information is reasonably necessary for legal reasons, including complying with enforceable governmental requests and protecting you and Google.

What choices do I have as a parent or guardian?

First, you can consent to the collection and use of your child's information by Google. If you don't provide your consent, we will not create a Google Workspace for Education account for your child, and Google will not collect or use your child's information as described in this notice.

If you consent to your child's use of Google Workspace for Education, you can access or request deletion of your child's Google Workspace for Education account by contacting Jerry Davenport at the school. If you wish to stop any further collection or use of your child's information, you can request that we use the service controls available to access personal information, limit your child's access to features or services, or delete personal information in the services or your child's account entirely. You and your child can also visit <https://myaccount.google.com> while signed in to the Google Workspace for Education account to view and manage the personal information and settings of the account.
